COTTON MARKETS.

New York. October 13.—The cotion market made new high records for the season to-lay, owing to strength at Liverpool, builish reviews of the dysods situation and private wires reporting a continued urgent demand for spots in the South. Part of the sidvance was lost in the late trading, but the market closed steady with last prices thowing a gain of 14% by points for the day. The market opened firm at an advance of 16% by points on the higher cables and active covering by sollers of last Tuesday. Offerings were very heavy on the initial advance with selects for a reaction encount the fact that the cold spell in the extreme. Northwest would work eastward rather than flown into the belt. Prices eastward than town into the belt. Prices eastward rather than flown into the belt.

Trade Report.

Bradstreet's to-morrow will say for Richmond and vicinity:

Trade conditions generally are fair some improvement being noted as cool er weather approaches. However, a lact of real buoyancy is noticeable in mos lines. Collections continue generall lines. Collections continue generally slow, some tendency of improvement being noticed as the cotton crop is marketed. In North Carolina the feoton crop about equals that of last year, and prices range up to 14% cents a pound. In Virginia tobacco is being marketed in fair quantities a sale-factory prices, considering the quality. Dry goods and shoes are fairly active. An increased demand for fertilizers and chemicals is reported. Buildings show less activity and the cheaper grades of lumber are in poor demands. Retail trade in seasonable commodities shows improvement.

With ample Capital and Surplus and modern facilities, invites accounts of Individuals, Firms and Corporations.
